CRIMSAFE

ULTIMATE

Wynstan
BLINDS DOORS SHUTTERS AWNINGS

SUPERIOR HOME SECURITY

With Crimsafe Ultimate, an even greater level of strength and security is achieved. Crimsafe Ultimate is seven times stronger than the impact level required by Australian standards and 40% stronger than regular Crimsafe. With window grilles and doors available, Crimsafe Ultimate provides sophisticated, advanced home security.

TECHNICAL INFORMATION

MESH

Crimsafe Ultimate features Crimsafe Tensile-Tuff® Security Mesh, which is made of 304 Grade Stainless Steel. This mesh consists of strands that are 0.9mm thick, while most other similar products use strands which are 0.8mm thick. This difference is not visible, but makes Crimsafe mesh 26.5% thicker at a cross section, making it much stronger than other meshes.

CLAMP SYSTEM

Crimsafe Ultimate also features Crimsafe's patented Security Mesh Clamp System. Tamper-resistant screws bind the Screw-Clamp, mesh and frame together, making a tightly integrated system which ensures greater security.

CUSTOM MADE

Crimsafe Ultimate Doors and Grilles are made to order and can be made to suit almost any space.

COLOUR

Crimsafe Ultimate are available in various different colours, ranging from shades of white and grey, to brown and blue. Various woodgrain tones are also available, and offer a look that is impressively realistic.

CLIP ON COVER

Crimsafe Ultimate also features a clip on cover which creates a sealed chamber, concealing the fasteners and protecting the system from the elements, as well as adding an extra layer of security.
