ELEGANT FABRIC FOLDS

Roman Blinds offer the best of both worlds; tailored fabric folds give sophisticated style, whilst the pull-up design is practical. We also offer Batten Blinds, which are Roman Blinds fitted with slim wooden strips along the horizontal joins of the fabric. Roman Blinds offer infinite style choices, which allows them to work well in any space.

TECHNICAL INFORMATION

CONTROL OPTIONS

Roman Blinds can be fitted with either cord control or chain control, or they can be motorised for added convenience.

FABRIC TYPE

Roman Blinds can be made with blackout fabric, light filtering fabric or sunscreen fabric. Within these types, there is a vast range to choose from. Ask your Sales Consultant or pop into a showroom to view the range.

BATTEN BLINDS

Batten Blinds are a form of Roman Blind, but are fitted with slim wooden strips along the horizontal folds. Traditional Roman Blinds, however, use discrete metal battens at the back of the blind to pinch the fabric together.
