

## TIMBER VENETIANS COLLECTION

Discovering the perfect look for your home is easy with our expert team.

### TIMBER VENETIAN BLINDS

Classically tasteful and eternally popular, you can't beat Timber Venetians for practicality and style. They effectively moderate air flow and save energy by improving temperature control. In addition to cord and wand operation, your Venetians can be fitted with a SOMFY motor to enable remote control operation via automation.

# TECHNICAL INFORMATION

## Installation

Timber Venetians appear neat and tidy whether open, closed or raised. Able to be installed snugly inside your window or on the wall, Timber Venetians are fitted with a pelmet to cover the head box.

## Sustainable Growth Forests

Benefits: Sourced from sustainable growth forests.

## Automatic Timber Venetians

Benefits: Make life easier with the simple convenience of motorised timber venetians that tilt and raise the blinds.
