CRIMSAFE

SECURITY DOORS

Wynstan
BLINDS DOORS SHUTTERS AWNINGS

PROTECT YOUR HOME

Keep your home secure with Crimsafe, manufactured and installed by Wynstan, your local authorised licensee. Crimsafe Doors feature Crimsafe's patented security mesh clamp system and cannot be cut, kicked down or pried open. Crimsafe Doors can be hinged, folding or bifold, meaning there is Crimsafe solution for almost any doorway.

TECHNICAL INFORMATION

MESH

Crimsafe Security Doors feature Crimsafe Tensile-Tuff® Security Mesh, which is made of 304 Grade Stainless Steel. This mesh consists of strands that are 0.9mm thick, while most other similar products use strands which are 0.8mm thick. This difference is not visible, but makes Crimsafe mesh 26.5% thicker at a cross section, making it much stronger than other meshes.

CLAMP SYSTEM

Crimsafe Security Doors feature a patented Security Mesh Clamp System. While inferior products simply glue or wedge mesh into a frame, Crimsafe sandwiches Tensile-Tuff® Security mesh between two serrated pieces of aluminium, and then screws this mesh into place. This results in a strong, vice-like grip which has a much stronger tolerance to force than many competing products.

Cross section of mesh and frame

TRIPLE LOCK

All Crimsafe Doors come fitted with a triple lock, which is crafted from stainless steel for superior strength and meets all Australian quality standards.

MIDRAILS

For extra security, mid-rails can come standard with your Crimsafe Doors. Mid-rails may help strengthen the resistance of your door's lock against a jemmy attack and protect the hinges by reducing an intruder's ability to lever it from the wall.

COLOUR

Crimsafe Doors are available in various different colours, ranging from shades of white and grey, to brown and blue. Various woodgrain tones are also available, and offer a look that is impressively realistic.

BENEFITS

- 1 EXCELLENT SECURITY**
Crimsafe are the world leaders in home security.
- 2 STREAMLINED**
