PROTECT YOUR HOME

Keep your home secure with Crimsafe, manufactured and installed by Wynstan, your local authorised licensee. Crimsafe Grilles feature Crimsafe's patented security mesh clamp system and cannot be cut, kicked down or pried open. Crimsafe Grilles are fixed in place and will not budge and are custom made to fit any window or space.

TECHNICAL INFORMATION

MESH

Crimsafe Security Grilles feature Crimsafe Tensile-Tuff® Security Mesh, which is made of 304 Grade Stainless Steel. This mesh consists of strands that are 0.9mm thick, while most other similar products use strands which are 0.8mm thick. This difference is not visible, but makes Crimsafe mesh 26.5% thicker at a cross section, making it much stronger than other meshes.

CLAMP SYSTEM

Crimsafe Security Grilles feature a patented Security Mesh Clamp System. While inferior products simply glue or wedge mesh into a frame, Crimsafe sandwiches Tensile-Tuff® Security mesh between two serrated pieces of aluminium, and then screws this mesh into place. This results in a strong, vice-like grip which has a much stronger tolerance to force than many competing products.

CUSTOM MADE

Crimsafe Security Grilles are custom made in order to perfectly fit your window. This ensures a clean finish and superior protection.

COLOUR

Crimsafe Security Grilles are available in various different colours, ranging from shades of white and grey, to brown and blue. Various woodgrain tones are also available, and offer a look that is impressively realistic.

HEAT CONTROL

Crimsafe Security Grilles also offer superior heat control. When a Crimsafe® Grille is applied over the whole area of a single glazed window, it will improve the window's 'Solar Heat Gain Coefficient' by up to 53%.

BENEFITS

- 1 EXCELLENT SECURITY**
Crimsafe are the world leaders in home security.
- 2 HEAT CONTROL**
Crimsafe® grilles offer superior heat control.
- 3 AIRFLOW**
Crimsafe Grilles provide excellent security as well as stopping flies, but still allow air to flow into your home.
