CRIMSAFE

SAFE-S-CAPE®

Wynstan
BLINDS DOORS SHUTTERS AWNINGS

EMERGENCY EXIT SYSTEM

Wynstan is a licensed retailer of Crimsafe's unique keyless exit system, the Safe-S-Cape®. Even though Safe-S-Capes® are easy to escape from internally, they are still incredibly difficult to penetrate from the outside as they feature the same screw system and triple 'anti-jimmy' design as traditional Crimsafe grilles.

TECHNICAL INFORMATION

MESH

Crimsafe Safe-S-Capes® feature Crimsafe Tensile-Tuff® Security Mesh, which is made of 304 Grade Stainless Steel. This mesh consists of strands that are 0.9mm thick, while most other similar products use strands which are 0.8mm thick. This difference is not visible, but makes Crimsafe mesh 26.5% thicker at a cross section, making it much stronger than other meshes.

CLAMP SYSTEM

Crimsafe Safe-S-Capes® feature a patented Security Mesh Clamp System. While inferior products simply glue or wedge mesh into a frame, Crimsafe sandwiches Tensile-Tuff® Security mesh between two serrated pieces of aluminium, and then screws this mesh into place. This results in a strong, vice-like grip which has a much stronger tolerance to force than many competing products.

Cross section of mesh and frame

HINGED

Crimsafe Safe-S-Capes® can be hinged at the top or sides and made to swing outward or inward. This makes them suitable for a wide range of spaces.

COLOUR

Crimsafe Safe-S-Capes® are available with frames various different colours, ranging from shades of white and grey, to brown and blue. Various woodgrain tones are also available, and offer a look that is impressively realistic.

BENEFITS

- 1 EXCELLENT SECURITY**
Crimsafe® Safe-S-Capes® allow easy exit from inside, but remain incredibly difficult to penetrate from the outside.
- 2 QUICK EXIT**
A Crimsafe® Safe-S-Cape® allows for a quick exit in an emergency.
- 3 SUITS ANY WINDOW**
