

## PROTECT YOUR HOME

Keep your home secure with Crimsafe, the strongest stainless steel security screen system on the market.

Crimsafe Bi-fold Doors feature Crimsafe's patented Security Screw Clamp System and cannot be cut, kicked down or pried open. It can be folded back to completely open up a living area.

# TECHNICAL INFORMATION

---

## Tensile-Tuff® Security Mesh

Crimsafe Bi-fold Security Doors feature Crimsafe Tensile-Tuff® Security Mesh, which is made of 304 Grade Stainless Steel. This mesh consists of strands that are 1/32" thick, making it much stronger than other meshes.

## Triple Lock

All Crimsafe Bi-fold Doors come fitted with a triple lock, which is crafted from 304 stainless steel for superior strength.

## Color

Crimsafe Bi-fold Security Doors are available in a variety of different frame colours and an extensive range of custom colors.

## Clamp System

Crimsafe Bi-fold feature a patented Security Screw Clamp System. While inferior products simply glue or wedge mesh into a frame, Crimsafe Tensile-Tuff® Security mesh between two serrated pieces of aluminium, then screws this mesh into place. This results in a strong, vice-like grip which has a much stronger tolerance to force than many competing products.

# BENEFITS

---

## Superior strength against impact

Crimsafe are the world leaders in home security.

## Energy efficient

Crimsafe reduces solar heat gain by up to 53%. The Tensile-Tuff® security mesh also blocks 62% of harmful UV rays.

## Airflow

Crimsafe Bi-fold Security Doors provide excellent security, are able to stop flies, and still allow air to flow into your home.

## Streamlined

Crimsafe Bi-fold Security Doors offer a sleek design and contemporary style. Can fold to the inside or outside. And single panel can be opened for exit.

## Satisfaction Guaranteed

Crimsafe Bi-Fold Security Doors come with a 10 Year standard Warranty, with the option to extend to 15 years.
