

## MAINS POWERED MOTORS

## QUALITY & LUXURY

The main reason you'll love our Mains Powered Motors, for blinds and awnings, is how easy they are to set up and control. Whether connected to home automation systems or used as remote motors, you'll feel right at home. With the power to move the largest awnings, down to the smallest blinds in the Wynstan range, you can rely on our Mains Powered Motors. Watch it all unfold at the touch of a button – saving all the strain on your arms and back.

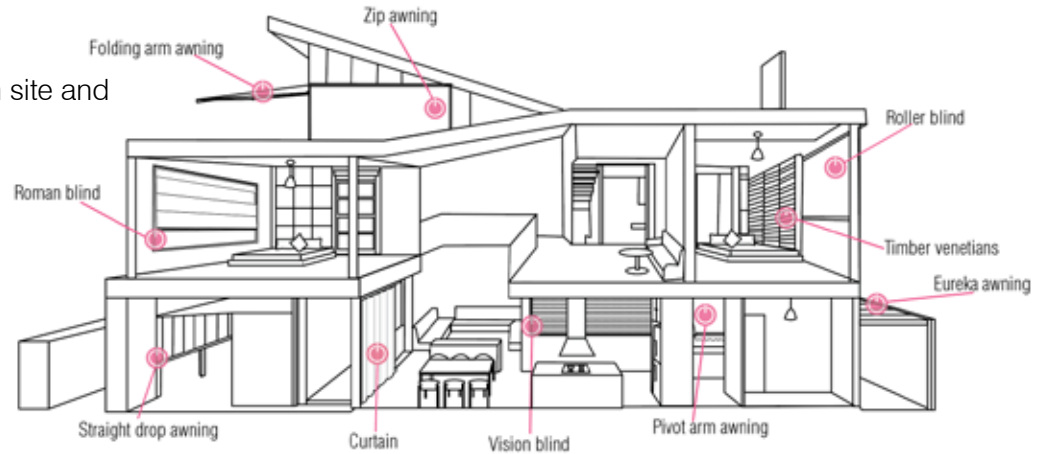

WYNMOTION

# TECHNICAL INFORMATION

## Control Range

- 218yd outdoors (approx.)
- 30yd indoors (depend on site and potential barriers)

## BENEFITS

Wynmotion Remote

### Wynmotion remotes

Available in single-channel, 15-channel and 5-channel timer remotes.

### Control options

Connect via remote or Smart home system.

### Never needs recharging

Once set up, you don't need to worry about it.

### Self-tightening option

Greater level of wind control for straight drop awnings.

### Radio controlled

Ability to be used with any Wynmotion remote.

### Sun-wind Sensor

Sun-wind sensors automatically control your blinds to best suit the temperature, and can retract your awnings when it gets too windy, acting as an aid in insulating your home making it more energy efficient.

### Child safe

No cords.

### Satisfaction guaranteed

All Wynmotion motors and remotes come with a Wynstan 5 Year Warranty.
