TECHNICAL INFORMATION

Mesh

Crimsafe Patio Enclosures feature Crimsafe Tensile-Tuff® Security Mesh, which is made of 304 Grade Stainless Steel.

Clamp System

Crimsafe Patio Enclosures feature a patented Security Screw Clamp System. While inferior products simply glue or wedge mesh into a frame, Crimsafe sandwiches Tensile-Tuff® Security mesh between two serrated pieces of aluminium, then screws this mesh into place. This results in a strong, vice-like grip which has a much stronger tolerance to force than many competing products.

Our Petio enclosures are custom made in order to suit your exact requirements.
